Dear Parents / Guardians:

The following several pages contain questions concerning your child's health. There are some questions concerning both parents which pertain to your child's total health. Please take some time to answer all of the following questions as accurately as possible. The total interview and the actual examination may last approximately ninety minutes more or less. Further, You (or both parents) will be informed about some food restrictions that Dr. Srajeldin wants you to observe in your child's diet. You are expected to apply the diet as given to help your child recover from the current ailment. Additionally, your child's daily remedies, frequency and therapies will be set too.
Please note that naturopathic examination, treatments, therapies and remedies are not covered by the Ontario Health Insurance Plan (OHIP). Naturopathic examinations, treatments and therapies for your child, could be covered by you're your child's school under extended health insurance or could be covered under extended health insurance plan at your place of employment or your spouse's place of employment if any of you have one. You may consult with your insurance company directly.
We do not deal directly with insurance companies and we have no Information about their coverage. We do not deal directly with insurance companies and we have no Information about their coverage.

Privacy: All your child's files and information are extremely confidential, however if you have any extra information concerning more steps of privacy concerning mails, emails, phone calls or leaving phone messages, then please give us written instructions here:

Assessment and Treatment

I understand that the clinics Naturopath, Dr. Fateh Srajeldin, B.Sc., ND, practices with an eclectic approach to health care. Initial patients' visit to see the naturopath will include discussing your medical history from birth to date, standard physical examination, evaluation of your child's diet and prescribing remedies based on your child's medical history, physical examination, current symptoms and the results of your child's blood works (if available). Further, I understand that testing with traditional blood work and functional testing may be requested. I understand that the treatments can include Clinical Nutrition, Vitamins, Minerals, Enzymes, Co-Enzymes, Anti-Oxidants, Botanical medicine and Homeopathic medicine, Orthomolecular Supplementation, Acupuncture and Intravenous Therapy.
I understand that the clinic's mission statement is "***a Naturopathic Doctor is to provide safe and effective treatments to restore health permanently in the quickest, gentlest, least harmful way***."

I understand that Dr. Fateh Srajeldin, B.Sc., ND is a licensed Naturopathic Doctor (ND) not a Medical Doctor and his examinations and treatments are not covered by OHIP. I also understand that Naturopathic examination, treatments, therapies and remedies are not covered by the Ontario Health Insurance Plan (OHIP). I understand that my child's Naturopathic examinations, treatments and therapies could be covered by my extended health insurance plan at my place of employment (if available). I understand that it is my responsibility to consult with my insurance company directly. I understand that The Naturopathic and Allergy Clinic does not deal directly with insurance companies and have no information about my coverage.
I understand that any treatment provided to my child as a patient of Dr. Fateh Srajeldin B.Sc., ND is not mutually exclusive from any treatment or any advice that I may be receiving or may in the future be receiving from another licensed health care provider. I understand that I am at liberty to seek or continue medical care from a physician or surgeon or other health care provider qualified to practice in Ontario. I understand that medical therapy and naturopathic/drugless therapy, including homeopathy, are different kinds of therapies.
Dr. Fateh Srajeldin, B.Sc., ND strives to provide the best possible diagnosis and course of treatment. However, many factors will be important in determining actual results. Therefore, no representation or warranty is made with respect to any treatment, action or application of medical advice or information given.
I understand that the total interview and the actual examination may last approximately ninety minutes more or less. Further, I understand that the naturopath may spend approximately sixty minutes with me to setup my child's diet thereafter. I will apply the diet as given. Along with the diet, my child's daily remedies, frequency and therapies will be set too.

I understand that, in the event of a medical emergency, I am advised to seek conventional medical care at a hospital if I am unable to reach Naturopathic Doctor.
I understand that, in the event of a medical emergency, I am advised to seek conventional medical care at a hospital if I am unable to reach Naturopathic Doctor.

This is to acknowledge that I have read the above information and understand that these are the terms and conditions at the Naturopathic and Allergy Clinic. I also consent to the examination of my child as been described above and as the examining naturopath sees necessary to help my child overcome his/her symptoms.
I will provide a copy of my child's most recent blood work done in the past six months. Alternatively, I will arrange, bring, mail or fax all my child's medical tests, (blood, urine, x-ray, ultrasound, MRI, and surgery results), pertaining to his/her health from his/her physician's office or the hospital if he/she was treated at a hospital.

I will answer the questionnaire concerning my child's health to the best of my ability and knowledge. I will pay for all my child's examinations, treatments, therapies and intravenous therapy immediately when rendered.

I understand that remedies and laboratory blood works are not included in the examination fee. I understand that any appointment(s) cancellation requires 48 hours advanced notice for full refund otherwise there will be a $50 surcharge applied on each and every examination or therapy missed or cancelled without a notice.

The following section is required to list your child's medical history, sicknesses, rough times and hospitalizations, I am interested in every medication given to your child especially antibiotics, cortisone and oral contraceptive bill. You should list the starting year of diseases and the year of their cure such as tonsillitis, ears, lungs, throat, skin smoking, street drugs etc. Also list the year of admission to hospital for whatever reason.

SEE AN EXAMPLE IN THE NEXT PAGE.

Information should be listed from birth until today, chronologically, year after year. You may use additional sheets if needed. *You may choose to fill this sheet with your doctor before your examination.*

Some important notes to consider are

1- breast feeding at birth, 2- time of food introduction during infancy, 3- smoking and 4- drugs of any kind,

Hints to help you fill in this medical history application:

The following are some hints on how to fill the application form as accurate as possible. Every question has two forms of answers. The first group of answers are placed under **Value** which explains the intensity of the symptom when it come using numbers from (1 to 10). Intensity of a symptom has nothing to do with the frequency of the symptom whether daily or once a week or one a month.

Number (1 to 3) indicates the symptom's intensity is very small when it comes. On the other hand, a number (4 or 7) indicates that the symptom's intensity is disturbing and bothersome when it comes. The number (8 to 10) symptom's intensity is very painful whether the symptom appears every day or once a month. You should assign or estimate number to every question as you see it. This is not a right or wrong questions.

The second group of answers determines whether a symptom should be marked as **one** of the following answers

- **C...** ☑ symptoms are present daily or
- **F...** ☑ symptoms come and go frequently every few days, every week or every month or
- **P...**☑ symptoms appear every several months or every season.

Please be as specific as possible since the medical history may hold the key to your complete recovery.

For example:

GASTRO-INTESTINAL

Value	P	F	C	
③	❑	❑	☑	Gas
	❑	☑	❑	Jaundice
②	☑	❑	❑	Diarrhea
⑦	❑	❑	☑	Heart burn
③	❑	❑	☑	Indigestion
③	❑	❑	☑	Constipation
③	❑	☑	❑	Poor appetite
②	☑	❑	❑	Hemorrhoids
③	❑	☑	❑	Liver trouble
	❑	☑	❑	Colon trouble
②	❑	❑	☑	Pain over stomach
	❑	☑	❑	Gall bladder trouble

Gas here is a constant symptom that appears daily and little bothersome given number 3.

Heart burn here is a constant daily symptom that appears which is very disturbing given the number 7.

Poor appetite here is a moderate symptom that appears frequently and bothersome, given the number 3

Pain over stomach here is a daily symptom, with a little discomfort, given the number 2.

Information should be listed from birth until today, chronologically, year after year. You may use additional sheets if needed. ***You may choose to fill this sheet with your doctor before your examination.*** **Some important notes to consider are:**
